Continuation of 11. does NOT place the application in condition for allowance because: Applicant amendment filed on 4/25/06 has been condidered but they are not persuasive:

Applicant argured in substance that::

(1) "Raz does not teach a switching method".

Examiner respectully disagreed with Applicant's remarks:

As to point (1), Raz teaches a switching method (col. 2 lines 40-60; ; col. 10 line 59- col. 1 1 line 30) to fully implement the above-described load balancing technique in this system, a programmable switching mechanism is added to the data storage system. The programmable switching mechanism enables the managing host processor through commands which it send to the data storage system to reconfigure the data storage system by changing the set of logical volumes that are connected to each host connection.
